

Improve your communication skills to boost your exchanges  
in the daily life in France

### Purposes

- Communicate easily while speaking and writing.
- Describe, relate and explain elements related to daily life, news or culture.
- Mention social, personal and professional subjects, give your point of view and argue.

### Method and means

- Method based on action
- Mediums adapted to your needs
- An educational platform on line.

84% of  
success

### Contents

Contents are adapted to the participant's needs, rhythm and starting level.

- To know how to speak about yourself (ex : background, projects, tastes and choices, etc.)
- To discuss about sociocultural topics (ex : linked to daily life, news, interculture, etc.)
- To understand recordings (ex : features, interviewes, reports, etc.)
- To understand complex documents (ex : letters, articles, comics, drawings, etc.)
- To present a point of view and argue (ex : presentations, debates, etc.)
- To write formal writings (ex : letters, emails, reports, presentations, etc.)
- Adapt your language register to the situation (ex : vocabulary used, type of sentences, etc.)
- Master the linguistic points studied in class (grammar, vocabulary, phonetic)

### Knowledges assessment

- 1 A **starting test** to evaluate your knowledges and skills ahead of the training.
- 2 **During the training**, tests on specific points approached in class.
- 3 At the end of the training, a **final test** to assess your progress.
- 4 If the participant wants, he / she can pass a **DEL F** B1 or B2.

### And after?

You can integrate a course of « **Formation préalable au CléA** » or enter a « **FLE à visée professionnelle** » session.
